

S. VISHAL

AI & Full-Stack Developer | Software Engineering Intern | B.E. Computer Science

vishals040906@gmail.com | +91 86100 21329 | Chennai, India | [LinkedIn](#) | [Portfolio](#) | [Live Project](#)

PROFESSIONAL SUMMARY

Motivated Computer Science undergraduate with real-world internship experience building AI-powered applications. Skilled in NLP model integration (DistilBERT, Llama 3.3 70B), full-stack development (Angular, Node.js, MongoDB), and cross-functional team collaboration. Co-founder of Praxis, a pre-registered startup and AICCI Startup Summit 2026 Top 10 finalist, and top-ranking hackathon competitor. Adept at bridging the gap between AI research and production-ready software. Seeking to contribute to innovative engineering teams as a Software Engineering Intern.

EDUCATION

Rajalakshmi Engineering College

2023 – Present

B.E. Computer Science & Engineering | Thandalam, Chennai

- CGPA: 8.27 / 10.0 (up to 4th Semester)
- Currently in 3rd Year, 5th Semester

ENTREPRENEURSHIP

Co-Founder, Research & Development Team - Praxis

Present

Pre-Registered SaaS Startup | Flagship product: C6 (CarbonOps)

- Co-founded Praxis, a pre-registered SaaS startup building its flagship product, C6 (CarbonOps)
- Part of the research and pitch team: product concept, competitive research, and the pitch to industry judges
- Took C6 to AICCI Startup Summit 2026, finishing in the Top 10 among all competing startup teams

INTERNSHIP EXPERIENCE

AI Development Intern - Infivion Technologies

June 2026 – July 2026

Chennai, India | 1 Month

- Led the AI model layer for Sentira AI, a conversational mental wellness app - DistilBERT for intent classification across six categories and Llama 3.3 70B Versatile for contextual response generation
- Built REST APIs for real-time AI responses, connecting an Angular frontend to a Node.js and Express.js backend with MongoDB
- Trained multilingual NLP models supporting Tamil, English, and Tanglish
- Designed a five-mode response system (Calm, Focus, Vent, Clarity, Relax), each with dedicated UI theming
- Collaborated within a five-member cross-functional team across AI, frontend, and backend workstreams

PROJECTS

C6 (CarbonOps)

2026

Praxis | Carbon-Aware Cloud Job Scheduler

- Carbon-aware cloud job scheduler that delays non-urgent compute jobs to low-carbon grid windows, using real-time carbon intensity data from the Electricity Maps API
- Live dashboard that tracks CO2 savings from carbon-aware scheduling
- Designed the full product concept and researched the competitive landscape (Carbon Aware SDK, Google, Microsoft)
- Assessed Electricity Maps free-tier limits: one zone per account, marginal emissions data discontinued in 2025
- Recognised at CIH '26 (13th of 1200+ teams) and the AICCI Startup Summit 2026 (Top 10 finalist)

FMCG Distribution Unit Management System

2024

TypeScript · Flutter · Prisma ORM · MySQL · Vercel | fmcg-app-ten.vercel.app

- Built a full-stack web and mobile application to manage an FMCG distribution unit end-to-end
- Implemented role-based access control (RBAC) for three distinct user types: Owner, Employee, and Customer
- Developed real-time order tracking features, enabling live visibility of order status across the distribution chain
- Collaborated as part of a team, contributing to both TypeScript frontend and Flutter mobile layers with a shared Prisma ORM backend
- Deployed on Vercel with a production-ready live environment

TECHNICAL SKILLS

Languages	Python · Java · C · TypeScript
AI / NLP	Llama 3.3 70B Versatile · DistilBERT · HuggingFace Transformers · Multilingual NLP · Prompt Engineering
Frontend	Angular · TypeScript · Flutter · Figma (UI Design)
Backend	Node.js · Express.js · REST APIs · Prisma ORM
Database	MongoDB · MySQL
Tools & OS	Git · Linux · Blender (3D) · VS Code · Cloudflare

CERTIFICATIONS & COURSES

Design Thinking Foundation	LinkedIn Learning
Credential: LinkedIn Learning Certificate	
Fundamentals of Data Science	LinkedIn Learning
Credential: LinkedIn Learning Certificate	

ACTIVITIES & ACHIEVEMENTS

AICCI Startup Summit 2026 - Top 10 Finalist	2026
Thoothukudi Praxis (Pre-Registered Startup)	
• Finished in the Top 10 among all competing startup teams with C6 (CarbonOps), demonstrating product viability and technical depth to a panel of industry judges • Gained hands-on experience in startup pitching, product storytelling, and presenting a technical solution to a non-technical audience	
Coimbatore Innovation Hackathon 2026 (CIH '26) - 13th Place	2026
Rathinam Global University, Coimbatore 1200+ Teams	
• Secured 13th place out of 1200+ competing teams in a 24-hour hackathon at Rathinam Technical Campus • Ranked 1st among the Top 50 teams advancing from Round 1 - the highest-ranked team in the elimination round • Collaborated in a five-member team, building and iterating on a working prototype under extreme time pressure across overnight sessions	
XploitX-26 CTF Competition	2024
Rajalakshmi Engineering College 24-Hour Capture The Flag Event	
• Competed in a 24-hour CTF cybersecurity event as part of a team, securing 23rd place overall • Demonstrated problem-solving skills under pressure with foundational knowledge in cybersecurity concepts	

ADDITIONAL INFORMATION

- Languages: Tamil (Native), English (Professional)
- Creative tools: Blender (3D modelling & rendering), Figma (UI/UX prototyping)
- Interests: NLP research, mental health tech, open-source development, distributed systems
